Subject: Application for the Backend Developer / Web Developer / Full-stack Developer / Software Developer

Dear Sir or Madam,

I am writing to express my sincere interest in the Backend Developer / Web Developer / Full-stack Developer position at your company. With a proven track record in web development and a commitment to excellence, I am eager to contribute to your esteemed team. Currently serving as a Software Developer at Publicplan GmbH, I specialize in maintaining and enhancing applications utilizing **Python, AWS and WebGL**. My experience encompasses **3 years of professional engagement in Bangladesh** and approximately **1 year in Germany**, providing me with expertise in backend development, cloud technologies, as well as proficiency in **Python, PHP, Laravel, React, Vue.js, JavaScript and Bootstrap.**

Throughout my career journey, I have prioritized continual learning and adaptability, thriving in dynamic environments and consistently delivering high-quality results within specified timelines.

The prospect of joining at your organization is particularly enticing due to its reputation for innovation and excellence in web development. I am enthusiastic about leveraging my skills and experience to contribute to the success of your projects.

I am available to **start immediately** and am **fully committed to dedicating 40 hours** per week to this role. Relocating anywhere within Germany is also a possibility and I am prepared to commence work without delay.

Thank you for considering my application. I am eager to discuss in further detail how my background and passion for web development align with the needs of your organization. I look forward to the opportunity to contribute to your team's success.

Best regards,
Rabiul Hasan
